# CHRONICLE-UNION.

BRIDGEPORT, MARCH 2, 1889.

## LOCAL INTELLIGENCE.

### Personal.

George Chichester, John H. Connell, J. McKay and Deputy Sheriff Thos. Carney came up from Antelope on Thursday.

Miss Celia Rensch, of Sweetwater, is visiting Miss Ella Hughes.

A. P. Allen, Mr. Fosdick and A. J. Severe will leave in a day or two for the other side of the mountains.

A. P. Sayre has gone to Arizona to look after the estate of his brother, recently deceased, and expects to be absent several months.

Sheriff Cody went to Benton on Thursday.

AGAIN ARRESTED.—Charley Dick, the Indian murderer of the Chinaman in Antelope Valley, was taken before Judge Hakes on Monday morning on a motion for a discharge of the prisoner. District Attorney Hayes admitted that the examination of the prisoner, the filing of the Justice's papers in the case, and the commitment were irregular; that he was satisfied a crime had been committed and that the Indian should be punished, but he wanted everything connected with the case to be regular and legal, and would consent to a dismissal. Judge Hakes decided that the papers from the Justice had been filed at different times and were without regularity, etc., he ordered the prisoner's discharge. W. H. Virden, the prisoner's attorney, thanked his client on the shoulder and told him he could go. The Indian took his hat from the table and started off, smiling and seemingly quite happy. After he got out of the Court room Constable Gurney arrested him on the same charge on a warrant issued by Justice Hanson, of Bridgeport, and returned him to his old quarters in the County Jail. His examination was commenced on Thursday, and concluded last evening, Justice Hanson committing him for murder. The Chinese have retained W. O. Parker to assist District Attorney Hayes in the prosecution. It is to be hoped the trials of both Indians will be set for an early day, and before our farmers and others, who must sit on the jury, engage in their Spring work. There is no sense in further delays.

"ALL RIGHT!"—On the 4th day of March, 1884, the CHRONICLE-UNION flag was displayed at the usual position, but not to the satisfaction of the famishing Democracy, consequently the untrifled formed an imposing procession, the standard bearer having a ladder—a fit emblem of the outa, marched to this office, nailed the flag to the staff, and placed it on the building. Not being enthusiastic as the jubilant unwashed, and having an abiding faith that the Cleveland Administration would blunder, as usual, with the Party, we quietly said: "All right! four years from this day we shall hoist a flag for a Republican President; this having gone up for Cleveland, it shall remain until blown away." It stood the racket one month, when the staff went overboard with its tattered flag—a precursor of the downfall of Cleveland, and the dilapidated Bayard. On Monday next, March 4th, 1889, the CHRONICLE-UNION flag will be displayed in honor of the inauguration of Benjamin Harrison, the Republican President; and for James G. Blaine, Secretary of State.

THE MASQUERADE BALL.—The Masquerade Ball to be given at Bryant's Hall on Monday evening next—Inauguration Day! will undoubtedly be one of the best, if not the best, ever given in Bridgeport. Our own people, particularly the ladies, are making great preparations for it, and we are to be favored with a large attendance from different sections of the county, and Aurora and Sweetwater, N. V. The supper will be served at the Allen House, and Agdy Allen will see that it will be worthy the occasion and a credit to his house. Good music has been engaged, and all who may attend may expect to have a rollicking good time.

THE WELL-KNOWN AND ENTERPRISING PUBLISHERS, THE HISTORY COMPANY, of San Francisco, have just published the long talked of new book, entitled "MYSTERY OF THE NEW WEST." This grand book has been eagerly awaited and will be largely sought after by the people throughout the entire Pacific Coast. The success agents are having on this book is something extraordinary. The publishers want agents to sell the book; and offer rare inducements. See advertisement in another column.

MEADOW LARKS.—A meadow lark yesterday morning serenaded our office, and was heartily welcomed. This little harbinger of Spring has made its appearance earlier than usual, but so far as the Winter is concerned, our little feathered friends could have spent the Winter with us, the entire season has been so Spring-like.

SALUTE.—On Monday the Democrats and Republicans of Bridgeport will jointly fire a National salute of thirty-eight guns, at noon, in honor of the inauguration of General Harrison.

THE MONO.—The Mono Company has levied an assessment of fifty cents per share—delinquent April 24; sale May 8th. See advertisement under New To-Day.

NEW SECRETARY.—H. L. Swain has been appointed resident Secretary of the Boyle Con. Mining Company, vice A. E. Wilkinson, removed to Oakland.

MARKS.—A fine stock of masks can be examined at Bryant's store. Make your selection early, so as to be suited.

WILL NOT HURT.—It is said that the heaviest feeding engendered among the Indians on account of the imprisonment in the Bridgeport Jail of a Pinte and a Washoe, for murder, is breaking out afresh in Mason Valley, where one of their medicine men has made the noble red men believe that the bullets of the white men have been "charmed," and will not harm an Indian in case of trouble. On the strength of such an assurance the Indians are more saucy, and if the Indian prisoners are not set free it is surmised that the fur will begin to fly. The Pintes should try one of the "charmed bullets" on their medicine man before they commence scalping the whites.

STONED.—The Governor has signed the bill providing for a survey and correction of the Eastern boundary line of California. This has been Alpine's hobby for the past fifteen years, that county hoping to add several fine ranches—that are now claimed by Nevada. A new line may throw a portion of Henry Williams' Sweetwater ranch into Mono county, and that would please him, as the taxes in Nevada are fearfully high.

FOR THE LAW LIBRARY.—County Clerk Kister has received from Assemblyman Cyrus Coleman three volumes of the Reports of the Constitutional Convention, for the County Law Library. For the county, we will say, thanks.

ON MONDAY.—The examination of Jack, the Pinte who killed Louis Sammann, will be held before Justice Hanson on Monday next.

IF YOU WANT A DOMINO for the Masquerade go to Bryant's, who has a fine assortment to select from.

TRAINER.—To Assemblyman Coleman for various State reports, etc., sent to this office.

No finer weather need be wished for than this we are enjoying. March came in like an "innocent sleep."

### MINING REPORTS.

#### BODIE CON.

Bodie, February 24, 1889.  
During the past week north drift from the West Crosscut No. 2, on 200 level, was advanced 23 feet. West Cross on No. 3, from main north drift, was driven 21 feet. Upraise from north drift was extended 2 feet.

#### BULWER CON.

JOHN KELLY, Superintendent.  
Bodie, February 24, 1889.  
During the past week Upraise C was advanced 32 feet, and crosscut on 150 level was driven 9 feet.

#### MONO.

JOHN KELLY, Superintendent.  
During the past week west crosscut from south drift 1,200 level, was advanced 26 feet. South drift from east crosscut, same level, was driven 30 feet.

#### STANDARD CON.

A. PETERSON, Superintendent.

South drift, 300 level, advanced 18 feet. West upraise, same level, advanced 14 feet. South drift, 400 level, advanced 10 feet.

THE COLLIE DOG.—Farmers ought to take an interest in the collie dog. A good collie well trained is nearly as serviceable as a horse. He is the farmer's dog; a regular "Jack of all trades." If he sees you drive a heap out of the garden once, he takes it for granted you do not want them there and immediately takes it upon himself to see that they do not get there again, and in case they do he drives them out without any orders. We know one who kept the cross off the cornfield, after he saw that his master drove them off. Another, who when told it was time to go after the cows, would bring all those that gave milk, and the young stock and oxen were left in the pasture. On the farm he is useful in many ways; he brings the cows; keeps the hens out of the garden; warns you if a stranger is approaching, and lets you know if anything is wrong about the premises. His fitness for this kind of work, and the great intelligence shown by well-bred collies, is only another instance of what intelligent scientific breeding can and does for any and all of the animal kingdom.—Newburgh (N. Y.) Journal.

JAMES KIRK, night clerk of the Nevada Hotel, Los Angeles, got away with \$3,000 of the hotel money. If the charges are as high as when the Republican State Convention met in that city, the proprietor is not "out" much. A man who has to stay a reasonable time, had better buy it.

The country will soon be rid of the Fifth Congress; and, thank God, it will not be many days before the California Legislature will adjourn.

Our Government has notified Germany that Klein will not be surrendered for punishment.

Another case of smallpox in Carson—Captain Avery, of the Grimsby House.

U. S. Senator Johnston, of Virginia, died at Richmond on Wednesday.

A Terrible Misfortune.—It is a calamity of the direst kind to feel that one's physical energies are failing in the prime of life—to feel more nervous, more dispirited, weaker every day. Yet this is the unhappy lot of hundreds who surround us. A source of renewed strength which cures, improves, in health and every day testifying, and which, in countless instances, has put up constitutions shattered by weakness and infirmity and brought all who need it, surely to mind and body. It is a medicine pure, potent, and food for the nerves, restores vitality and vigor to the first cause, the second a consequence of the first. It is a remedy of a radical cure of nervous, kidney and bladder troubles, constipation and biliousness. It is annihilated by this standard family medicine.

It is expected that an expedition of hardy Norwegians will start for the North Pole in 1890, by the way of St. Joseph's land. Dr. Nansen, the bold explorer, who crossed Greenland's ice fields last Summer, will probably be offered the leadership. The long snowshoes so effectively used in Greenland will doubtless constitute an important part of their equipment.

G. J. Symons, the British meteorologist, has expressed the belief that fogs are increasing—not only in London, but generally.

In the German weather reports since 1876 Dr. Less has found 28 cases of snow-fall at temperature between 41 and 53 degrees F. Thunder accompanied 11 cases.
